WHAT DID THEY SAID?

How was your class at LF?

I really enjoyed the session. Thank you so much for the class. Shahdab was really high on energy.

How I became a translator learning at LF!

I took the Immerse Course at LF a year back and eventually shifted to LF Leap. Starting as an absolute beginner, mentors and trainers eventually helped me improve my skillset. I gave my Language Proficiency test for level 4 in September 2022 and scored really well. Language Fluent also helped me secure a couple of freelance translation projects at the start and eventually I secured a job as a 'Translation Project Manager' at Springer. Forever grateful :)

From Nagpur to Europe- A 'Leap' of Faith?

I started with LF in the year 2021. I had always been super passionate about language learning. Just when I completed my intermediate, my course mentor Ms. Jinal suggested that I look into a program called 'Auxiliar de conversación de inglés' where I have the opportunity to be an ESL trainer in Europe. As I was studying for the next level I applied for the program and got selected. It is surreal to be here. Thank you, team LF!
